LEGACY® AND LEGACY®

EXTREME WEATHER PROTECTION

The Legacy® provides a durable barrier against extreme weather receiving the UL 2218 Class 4 Impact Resistance classification, the highest rating possible.

In a Class 4 rating test, the Legacy® withstood a simulation of hailstones impacting a roof at 90 mph (144 kph) without sustaining damage.

RUGGED DURABILITY

Malarkey's revolutionary Legacy® shingle technology begins with a durable base layer of fiberglass mat. Malarkey's unique fiberglass mat is coated on both sides with the SBS modified rubber asphalt which provides tensile strength and increased flexibility, protecting your investment.

SBS MODIFIED ASPHALT

The rubberizing aspect of SBS increases flexibility and weatherability for your roof. The thermo cycling resilience of SBS modified asphalt provides greater granule adhesion for the shingle to create a better barrier from the elements. When granules stay on the shingles, your roof lasts longer.

ZONE®

One of the most critical aspects of a successful roofing project is correct shingle installation. Improper fastener placement is the leading cause of incorrect shingle installation and can subsequently void the warranty.

The Legacy® is manufactured using the patented ZONE® technology which includes a tapered nailing area over three times larger than other laminate shingles. The ZONE's® larger nailing area dramatically improves correct fastener placement.

US Patent nos. 614265, 6397546

SCOTCHGARD™ PROTECTION FROM 3M

The Legacy® featuring the Scotchgard™ Algae Resistant Roofing System from 3M, is the single most effective solution available against algae damage.

3M COLORFAST COATING

3M specially selected granules are coated with long-lasting colored ceramic to guarantee your new roof will provide many years of color longevity without fading.

FEATURING

- 50 year Limited Material Warranty
- 110 mph (177 kph) Limited Wind Warranty
- 130 mph (209 kph) Enhanced Wind Warranty Available
- Legacy® Scotchgard™ 20 year Scotchgard™ Algae Resistance Warranty
- Your Choice™ Warranty Program
- 10 year Right Start™ Warranty
- The Malarkey Legacy® shingles hold a Class 'A' Fire Rating, the very best fire rating achievable
- Florida Building Code Product Approval #14767

TEST COMPLIANCE

- ASTM E 108, Class 'A' Fire Rating
- UL 2218 Class 4 Impact Resistance
- ASTM D 3161 Type F
- ASTM D 3018 Type I
- ASTM D 7158 Class H
- ASTM D 3462
- CSA A 123.5
- ICC ESR 3150

DISCLAIMER: Sample pieces or photographs of shingles may not accurately represent the true color or variations of color blends that will appear on the roof. Before installation, five or six shingles should be laid out and reviewed for conformity to desired color level. If color levels are unsatisfactory, advise your dealer before proceeding with installation. Colors and specifications subject to change without notice. Limited warranties carry terms and conditions. Contact your nearest Malarkey source for further information. *Malarkey Roofing systems require algae resistant EZ-Ridge XT™ 224 shingles or Hip and Ridge shingles 225 & 227, in conjunction with the algae resistant shingles, to receive the full 20 year algae resistant warranty system. Hurricane™ (240) featuring Scotchgard™ Algae Resistant Protection from 3M can be substituted as Hip and Ridge shingle, in conjunction with the algae resistant shingles, to receive the full 20 year algae resistant warranty system. Rev. 2/12.
